DISTRIBUTIONAL SERVICES
X. Distributional Services Procedures

Section 10.0 Receiving

➢ What happens to your order once it is placed?

• After purchase orders are generated, the purchase orders and Key Receiving Form (KRF) are sent to the Receiving Department.
• All purchase orders are filed by PO number until the merchandise arrives at the Receiving Department.

➢ What happens to your order once it is received?

• After merchandise arrives at the warehouse, the cartons/boxes are inspected to ensure items are in good conditions.
• Merchandise is then checked against the KRF & PO for accuracy. If there are any discrepancies, they should be specified in the KRF.
  Ex: damaged item(s), incorrect item(s), back order(s), etc.
• When the matching process has been completed and the KRF has been properly filled out, the pink copy is then sent to the Purchasing Department. The pink copy informs Purchasing to follow up on any problems that we may have discovered on that particular order.
• Items are also tagged and recorded as merchandise that has been inspected and later it is delivered to the requestor. Once the merchandise is delivered, the requestor then signs the KRF and keeps the golden rod copy for their records.

➢ What is the relation to Accounts Payable?

• Once the purchase order is updated as received in Banner Finance, it allows the Accounts Payable department to issue payment to the vendor.
• The original purchase order and KRF are filed for future reference.

NOTE: If merchandise is picked up by the requestor or drop shipped by the vendor, you must take the merchandise to the Receiving Department.

REASON: A KRF is completed so that the vendor invoice is paid, property is tagged and recorded in fixed assets log.

➢ Merchandise without purchase order number

NOTE: All incoming packages that do not reflect a P.O. number will be delayed to be delivered for the time it takes to associate it with the appropriate P.O. or employee.

REASON: A purchase order number or a donation forms are methods that inform us that the merchandise/ items are legally acquired for the college. When packages are accepted it becomes South Texas College’s property, which obligates the college to pay for these items.

- The original (Form BO – 1500) is sent to the Business Office and a copy to the Fixed Assets department.

- Once the asset is received, the department will notify the Fixed Assets department and asset will be tagged for inventory purposes. If the asset cost is $1,000 or more, this asset will be recorded in Banner Fixed Assets System. If the asset does not meet the value of $1,000, the asset will be recorded in Excel and a copy of (Form BO – 1500) will be filed for audit purposes.

NOTE: These procedures are very important to keep an up to date inventory for all purchased and or donated items for the college.

Annual Inventory of College Property

- An inventory report will be generated and distribute to each financial manager once a year. The report includes information on all assets that belong to a department or program, as shown in the records maintained in Banner and the Fixed Asset Department.

- Each department head is responsible to conduct their physical inventory and provide updates on the report.

- The physical inventory involves verifying the assets physical location, tag number, accuracy of the description, serial number that is on the physical inventory report.

- For those items verified but with inaccurate or missing information, make note of the correction on the report.

- If discrepancies remain such as for items sent to Surplus Property, report them on the inventory report and attach any supporting documentation. The fixed asset department will research and make necessary corrections.

- Once all items are verified the financial manager must sign each sheet. The report certifies that the record accurately represents asset equipment for which the department head is responsible.

- Send the original inventory report to the Fixed Asset Department and retain a copy of the report in the departmental inventory files until the next year inventory verification is complete.

NOTE:

1. Division Deans and department heads are responsible for the control of all fixed asset items for their areas and should know where all items are located.

During the year all items, which have been lost, stolen, destroyed, become obsolete or transferred, will be reported immediately to the Receiving/Fixed Asset Department on the appropriate form.

Department Inventory Spot Check

- The Fixed Assets Department will conduct periodic inventory spot checks throughout the college. This procedure is done to ensure information provided for each asset is accurate. It is also done to make an attempt to find items indicated not found by departments.

- Once the department inventory spot check is complete, a report is created and updates are entered in the Banner Finance/Fixed Assets System.
• We then provide a copy of the spot check report to the Financial Manager & the Fixed Assets Department will keep a copy for future reference. Ex: Auditors & SACS

Handling Certified Mail, etc.

Our procedure handling certified mail involves sorting to department boxes to be picked up during normal operating hours. Presidents, V.P.’s, Human Resources and business office mail is handed to courier to deliver to the Persons station if not the department office of person addressed to. Expected mail can be held upon request. These pieces of mail may be retrieved from the Mailroom between the hours of 8:00 a.m. and 5:00 p.m. Monday-Friday and will require a signature.

You may request certified mail receipt cards and labels from mail room to fill, and attach to your mail. All departments are required to fill in all information required on cards and tracking labels so that mail is ready to be metered for proper postage

You can send a certified letter from the South Texas College Mailroom. However, if you wish to have your receipt stamped by the U.S. Post Office, you must take it to the Post Office located at Pecan and McColl Rd.

IMPORTANT – On your return receipt card, please indicate the department expecting the card returned and this way we can ensure you receive your return receipt when we sort mail.

If you are sending off a large amount of certified mail, having the same contents, and bearing the same weight, it is advised to have the mailroom weigh 1 piece for you, so that all forms are filled in correctly including cost and addressed receipt.

Handling of Parcels

You will be notified through Telephone or e-mail about any package too large for your mailbox. These packages can be picked up between the hours of 8:00 a.m. and 5:00 p.m. Small parcels will be placed in your department box to be picked up by department

Parcels being shipped out will receive standard postage unless specified, such as priority or express mail.

Packaging - Wrapping packages is the responsibility of the sender.

The mailroom clerk will be happy to provide packaging material that is free to us-used boxes, packing papers, etc., if the materials are available. Make sure to seal your package correctly to insure safe delivery. Improperly sealed packages will be
returned to sender by our mail department. Information is available on how a box should be packed and sealed. Some large envelopes and boxes are available from the post office for Priority and Express mail.
